UK CORPORATE GOVERNANCE CODE - COMPLIANCE STATEMENT

(As approved and adopted by the Board on 30 March 2011

and varied by the Board on 7 September 2011, 11 April 2013 and 27 March 2014)

INTRODUCTION

The purpose of this document is to record how the Company complies with Sections A to E (inclusive) of the UK Corporate Governance Code published by the Financial Reporting Council and which is applicable for reporting years beginning on or after 1 October 2012 (the "**Corporate Governance Code**" or "**Code**"). Each of the provisions of the Code are quoted in this document and, against each provision, the Board gives a brief statement of how the Company complies. Those compliance statements also refer to the terms of reference of the Nomination, Remuneration and Audit Committees of the Board and, for convenience, these are included in the Appendices.

This compliance statement has been formally adopted by the Board for the purposes of the Code.

The compliance statement provides the basis upon which the Directors will report on corporate governance matters in the Company's Annual Report and Accounts in accordance with LR 9.8.6R (6).

It also provides the source material for the auditors to undertake their review of the Company's compliance with the relevant provisions of the Code upon which the Auditors are obliged to report in accordance with paragraph LR 9.8.10R (2).

An earlier version of this statement was adopted by the Board on 22 May 2008. In March 2011 a review was undertaken and the compliance statement was revised and updated to reflect changes in the Code, corporate governance best practice and in the size and membership of the Board. This revised and updated statement was adopted by the Board on 30 March 2011 and varied by the Board on 7 September 2011, 11 April 2013 and (to reflect further changes in the Code) on **27 March 2014**.

By Order of the Board

James Blair
Company Secretary

SPEEDY HIRE Plc

UK CORPORATE GOVERNANCE CODE - COMPLIANCE STATEMENT

Set out below in italics is the text of each paragraph of the Code and, below each paragraph of the Code, the Board's statement as to compliance by the Company.

A. LEADERSHIP

A.1 The Role of the Board

Main Principle

Every company should be headed by an effective board; which is collectively responsible for the long-term success of the company.

Supporting Principles

The board's role is to provide entrepreneurial leadership of the company within a framework of prudent and effective controls which enables risk to be assessed and managed. The board should set the company's strategic aims, ensure that the necessary financial and human resources are in place for the company to meet its objectives and review management performance. The board should set the company's values and standards and ensure that its obligations to its shareholders and others are understood and met.

All directors must act in what they consider to be the best interests of the company, consistent with their statutory duties.

Code Provisions

- A.1.1. *The board should meet sufficiently regularly to discharge its duties effectively. There should be a formal schedule of matters specifically reserved for its decision. The annual report should include a statement of how the board operates, including a high level statement of which types of decisions are to be taken by the board and which are to be delegated to management.*

The Board normally meets at least ten times per annum for scheduled Board meetings, including an off-site meeting to solely discuss strategy. The Board also meets as required on an *ad hoc* basis to deal with urgent business, including the consideration and approval of transactions; the *ad hoc* meetings include meetings by telephone and video conference.

The Board has approved a schedule of matters reserved for decision by the Board. This schedule is set out in Appendix I. The Board has resolved to include in the annual report a high level statement regarding its operation, the types of decisions it takes and matters delegated to management.

- A.1.2. *The annual report should identify the chairman, the deputy chairman (where there is one), the chief executive, the senior independent director and the chairmen and members of the board committees. It should also set out the number of meetings of the board and its committees and individual attendance by directors.*

The posts of Chairman and Chief Executive are held by Ishbel Macpherson and Mark Rogerson respectively. The Board includes four independent Non-Executive Directors, Chris Masters, Michael Averill and James Morley along with Ishbel Macpherson as Chairman, who together bring a strong and

independent non-executive element to the Board. The Senior Independent Director is Michael Averill.

The Remuneration Committee comprises the three Non-Executive Directors and is chaired by Michael Averill.

The Nomination Committee comprises the three Non-Executive Directors together with the Chairman and is chaired by Ishbel Macpherson.

The Audit Committee comprises the three Non-Executive Directors and is chaired by James Morley.

Attendance at meetings of the Board and relevant Committee meetings is disclosed in the annual report.

The above information is disclosed in the Annual Report along with reports from those committees.

- A.1.3. *The company should arrange appropriate insurance cover in respect of legal action against its directors.*

Appropriate insurance cover is arranged and maintained via the Company's insurance brokers.

A.2 Division of Responsibilities

Main Principle

There should be a clear division of responsibilities at the head of the company between the running of the board and the executive responsibility for the running of the company's business. No one individual should have unfettered powers of decision.

Code Provisions

- A.2.1. *The roles of chairman and chief executive should not be exercised by the same individual. The division of responsibilities between the chairman and chief executive should be clearly established, set out in writing and agreed by the board.*

The posts of Chairman and Chief Executive are held by Ishbel Macpherson and Mark Rogerson respectively. A statement of the division of responsibilities between the Chairman and the Chief Executive is set out at Appendix VI.

A.3 The Chairman

Main Principle

The Chairman is responsible for leadership of the board and ensuring its effectiveness on all aspects of its role.

Supporting Principles

The chairman is responsible for setting the board's agenda and ensuring that adequate time is available for discussion of all agenda items, in particular strategic issues. The chairman should also promote a culture of openness and debate by facilitating the effective contribution of non-executive directors in particular and ensuring constructive relations between executive and non-executive directors.

The chairman is also responsible for ensuring that the directors receive accurate, timely and clear information. The chairman should ensure effective communication with shareholders.

Code Provision

- A.3.1. *The chairman should on appointment meet the independence criteria set out in B.1.1 below. A chief executive should not go on to be chairman of the same company. If, exceptionally a board decides that a chief executive should become chairman, the board should consult major shareholders in advance and should set out its reasons to shareholders at the time of the appointment and in the next annual report.*

The Board considers that the Chairman, Ishbel Macpherson, on appointment as Chairman met and continues to meet the independence criteria set out in B.1.1 below. It is the policy of the Board that the Chief Executive should not go on to become Chairman.

A.4 Non-executive Directors

Main Principle

As part of their role as members of a unitary board, non-executive directors should constructively challenge and help develop proposals on strategy.

Supporting Principle

Non-executive directors should scrutinise the performance of management in meeting agreed goals and objectives and monitor the reporting of performance. They should satisfy themselves on the integrity of financial information and that financial controls and systems of risk management are robust and defensible. They are responsible for determining appropriate levels of remuneration of executive directors and have a prime role in appointing and, where necessary, removing executive directors, and in succession planning.

Code Provisions

- A.4.1. *The board should appoint one of the independent non-executive directors to be the senior independent director to provide a sounding board for the chairman and to serve as an intermediary for the other directors when necessary. The senior independent director should be available to shareholders if they have concerns which contact through the normal channels of chairman, chief executive or other executive directors has failed to resolve or for which such contact is inappropriate.*

The senior independent Director is Michael Averill and his availability to shareholders in the event that such concerns arise is noted in the annual report. A description of the role of the Senior Independent Director is set out in Appendix VII.

- A.4.2. *The chairman should hold meetings with the non-executive directors without the executives present. Led by the senior independent director, the non-executive directors should meet without the chairman present at least annually to appraise the chairman's performance and on such other occasions as are deemed appropriate.*

The Chairman and other Non-Executive Directors meet regularly – usually at least twice a year. In addition, the Chairman regularly briefs the other Non-

Executive Directors on relevant developments regarding the Company as necessary.

The Senior Independent Director, Michael Averill, and the other Non-Executive Directors meet at least annually without the Chairman present to appraise the Chairman's performance as part of the overall annual board appraisal process.

- A.4.3. *Where directors have concerns which cannot be resolved about the running of the company or a proposed action, they should ensure that their concerns are recorded in the board minutes. On resignation, a non-executive director should provide a written statement to the chairman, for circulation to the board, if they have any such concerns.*

The minutes of all meetings of the Board and each Committee are taken by the Group Company Secretary. In addition to constituting a record of decisions taken, the minutes reflect questions raised by Directors relating to the Company's businesses and, in particular, issues arising from the monthly reports included in the Board or Committee papers circulated prior to the relevant meeting. Any unresolved concerns are recorded in the minutes.

On resignation concerns (if any) raised by an outgoing Non-Executive Director are circulated by the Chairman to the remaining members of the Board.

B. EFFECTIVENESS

B.1 The Composition of the Board

Main Principle

The board and its committees should have the appropriate balance of skills, experience, independence and knowledge of the company to enable them to discharge their respective duties and responsibilities effectively.

Supporting Principles

The board should be of sufficient size that the requirements of the business can be met and that changes to the board's composition and that of its committees can be managed without undue disruption, and should not be so large as to be unwieldy.

The board should include an appropriate combination of executive and non-executive directors (and, in particular, independent non-executive directors) such that no individual or small group of individuals can dominate the board's decision taking.

The value of ensuring that committee membership is refreshed and that undue reliance is not placed on particular individuals should be taken into account in deciding chairmanship and membership of committees.

No one other than the committee chairman and members is entitled to be present at a meeting of the nomination, audit or remuneration committee, but others may attend at the invitation of the committee.

Code Provisions

B.1.1. The board should identify in the annual report each non-executive director it considers to be independent. The board should determine whether the director is independent in character and judgement and whether there are relationships or circumstances which are likely to affect, or could appear to affect, the director's judgement. The board should state its reasons if it determines that a director is independent notwithstanding the existence of relationships or circumstances which may appear relevant to its determination, including if the director:

- has been an employee of the company or group within the last five years;*
- has, or has had within the last three years, a material business relationship with the company either directly, or as a partner, shareholder, director or senior employee of a body that has such a relationship with the company;*
- has received or receives additional remuneration from the company apart from a director's fee, participates in the company's share option or a performance-related pay scheme, or is a member of the company's pension scheme;*
- has close family ties with any of the company's advisers, directors or senior employees;*
- holds cross-directorships or has significant links with other directors through involvement in other companies or bodies;*
- represents a significant shareholder; or*

- *has served on the board for more than nine years from the date of their first election.*

The Board considers that all of the Non-executive Directors are independent, on the basis of the criterion specified above and generally, are all free from any business or other relationship which could materially interfere with the exercise of their independent judgement. The Board reviews this on an annual basis and, where satisfied that the Non-executive Directors remain independent, will confirm their independence in the annual report.

- B.1.2. Except for smaller companies, at least half the board, excluding the chairman, should comprise non-executive directors determined by the board to be independent. A smaller company should have at least two independent non-executive directors.*

There are, in addition to the Chairman, three independent Non-executive Directors on the Board, out of a total of six. The respective experience and backgrounds of the Non-executive Directors clearly indicate that they are of sufficient calibre and number for their views to carry significant weight in the Board's decisions.

B.2 Appointments to the Board

Main Principle

There should be a formal, rigorous and transparent procedure for the appointment of new directors to the board.

Supporting Principles

The search for board candidates should be conducted, and appointments made, on merit, against objective criteria and with due regard for the benefits of diversity on the board, including gender.

The board should satisfy itself that plans are in place for orderly succession for appointments to the board and to senior management, so as to maintain an appropriate balance of skills and experience within the company and on the board and to ensure progressive refreshing of the board.

Code Provisions

- B.2.1. There should be a nomination committee which should lead the process for board appointments and make recommendations to the board. A majority of members of the nomination committee should be independent non-executive directors. The chairman or an independent non-executive director should chair the committee, but the chairman should not chair the nomination committee when it is dealing with the appointment of a successor to the chairmanship. The nomination committee should make available its terms of reference, explaining its role and the authority delegated to it by the board.*

The Board has established a Nomination Committee. Its terms of reference are set out in Appendix III. The Nomination Committee comprises the three independent Non-Executive Directors together with the Chairman. It is chaired by the Chairman, Ishbel Macpherson. It meets formally as necessary, but at least once a year.

The terms of reference of the Nomination Committee are published on the Company's website.

- B.2.2 The nomination committee should evaluate the balance of skills, experience, independence and knowledge on the board and, in the light of this evaluation, prepare a description of the role and capabilities required for a particular appointment.*

The principal functions of the Nomination Committee are to consider and review the structure and composition of the Board and membership of Board Committees. It considers candidates for Board nomination both at Plc and Operating level and re-election to the Board for those candidates retiring by rotation, along with succession planning.

- B.2.3 Non-executive directors should be appointed for specified terms subject to re-election and to statutory provisions relating to the removal of a director. Any term beyond six years for a non-executive director should be subject to particularly rigorous review, and should take into account the need for progressive refreshing of the board.*

The letters of appointment of the Non-executive Directors confirm that the appointment in each case is for a specified term and re-appointment is not automatic. If a Non-executive Director is proposed to stand for a term beyond six years, this will be subject to particular consideration by the Board.

- B.2.4 A separate section of the annual report should describe the work of the nomination committee, including the process it has used in relation to board appointments. This section should include a description of the board's policy on diversity, including gender, any measurable objectives that it has set for implementing the policy, and progress on achieving those objectives. An explanation should be given if neither an external search consultancy nor open advertising has been used in the appointment of a chairman or a non-executive director. Where an external search consultancy has been used, it should be identified in the annual report and a statement made as to whether it has any other connection with the company.*

Since 2004, a separate section has been included in the Company's annual report.

B.3 Commitment

Main Principle

All directors should be able to allocate sufficient time to the company to discharge their responsibilities effectively.

Code Provisions

- B.3.1 For the appointment of a chairman, the nomination committee should prepare a job specification, including an assessment of the time commitment expected, recognising the need for availability in the event of crises. A chairman's other significant commitments should be disclosed to the board before appointment and included in the annual report. Changes to such commitments should be reported to the board as they arise, and included in the next annual report.*

A specification for the role of the Chairman including anticipated time commitment is included as part of the written statement of division of responsibilities between Chairman and Chief Executive at Appendix VI. Details of the Chairman's other material commitments are disclosed to the Board in advance and a register of the same maintained by the Group Company Secretary for inclusion in the annual report.

- B.3.2 The terms and conditions of appointment of non-executive directors should be made available for inspection. The letter of appointment should set out the expected time commitment. Non-executive directors should undertake that they will have sufficient time to meet what is expected of them. Their other significant commitments should be disclosed to the board before appointment, with a broad indication of the time involved and the board should be informed of subsequent changes.*

The terms and conditions of appointment of all the Non-Executive Directors, and those of the Chairman, are available for inspection at the Company's registered office during normal business hours.

Each letter of appointment specifies the anticipated level of time commitment including, where relevant, additional responsibilities derived from involvement with the Audit, Remuneration or Nomination Committees. Details of other material commitments are disclosed to the Board and a register of the same maintained by the Group Company Secretary.

- B.3.3 The board should not agree to a full time executive director taking on more than one non-executive directorship in a FTSE 100 company nor the chairmanship of such a company.*

None of the Directors is a Non-Executive Director/Chairman of a FTSE 100 Company.

B.4 Development

Main Principle

All directors should receive induction on joining the board and should regularly update and refresh their skills and knowledge.

Supporting Principles

The chairman should ensure that the directors continually update their skills and the knowledge and familiarity with the company required to fulfil their role both on the board and on board committees. The company should provide the necessary resources for developing and updating its directors' knowledge and capabilities.

To function effectively, all directors need appropriate knowledge of the company and access to its operations and staff.

Code Provisions

- B.4.1. The chairman should ensure that new directors receive a full, formal and tailored induction on joining the board. As part of this, directors should avail themselves of opportunities to meet major shareholders.*

The Board offers appropriate training to all new Directors. The Board also offers further bespoke training to Directors whose appointment to the Board is the first appointment of that Director to the Board of a listed company. The Directors also recognise the importance of ongoing training and education particularly regarding new laws and regulations which relate to or affect the Company. Such training and education will be obtained by the Directors individually through the Company or through other companies of which they are Directors. In addition, an ongoing training programme has been developed in conjunction with Henley Business School for members of operating management.

New Non-executive directors are encouraged to visit and, if possible, receive experience of operating companies at all levels.

The Chairman and the Company Secretary meet on a regular basis to discuss corporate governance and other issues including, inter alia, information flows, induction and training programmes for Directors and operational management.

- B.4.2. The chairman should regularly review and agree with each director their training and development needs.*

The chairman annually reviews and agrees with each director any training and development requirements they may have.

B.5 Information and Support

Main Principle

The board should be supplied in a timely manner with information in a form and of a quality appropriate to enable it to discharge its duties.

Supporting Principles

The chairman is responsible for ensuring that the directors receive accurate, timely and clear information. Management has an obligation to provide such information but directors should seek clarification or amplification where necessary.

Under the direction of the chairman, the company secretary's responsibilities include ensuring good information flows within the board and its committees and between senior management non-executive directors, as well as facilitating induction and assisting with professional development as required.

The company secretary should be responsible for advising the board through the chairman on all governance matters.

Code Provisions

- B.5.1. The board should ensure that directors, especially non-executive directors, have access to independent professional advice at the company's expense where they judge it necessary to discharge their responsibilities as directors. Committees should be provided with sufficient resources to undertake their duties.*

Procedures are in place to enable directors to take independent professional advice, if necessary, at the Company's expense, in the furtherance of their duties. These are set out at Appendix II.

- B.5.2. All directors should have access to the advice and services of the company secretary, who is responsible to the board for ensuring that board procedures are complied with. Both the appointment and removal of the company secretary should be a matter for the board as a whole.*

The Board has resolved that all Directors should have access to the advice and services of the Group Company Secretary, who ensures that Board procedures are followed and that applicable rules and regulations are complied with. The appointment and removal of the Company Secretary is a matter specifically reserved for decision by the Board.

B.6 **Evaluation**

Main Principle

The board should undertake a formal and rigorous annual evaluation of its own performance and that of its committees and individual directors.

Supporting Principles

Evaluation of the board should consider the balance of skills, experience, independence and knowledge of the company on the board, its diversity, including gender, how the board works together as a unit, and other factors relevant to its effectiveness.

The chairman should act on the results of the performance evaluation by recognising the strengths and addressing the weaknesses of the board and, where appropriate, proposing new members be appointed to the board or seeking the resignation of directors.

Individual evaluation should aim to show whether each director continues to contribute effectively and to demonstrate commitment to the role (including commitment of time for board and committee meetings and any other duties).

Code Provisions

- B.6.1 The board should state in the annual report how performance evaluation of the board, its committees and its individual directors has been conducted.*

The Chairman appraises the Board, its committees and all Board members annually and the annual report contains details of the evaluation.

- B.6.2 Evaluation of the board of FTSE 350 companies should be externally facilitated at least every three years. The external facilitator should be identified in the annual report and a statement made as to whether they have any other connection with the company.*

From time to time the company has engaged an external adviser to prepare, and review the findings of, board questionnaires. The annual report contains a statement to this effect and will identify the external facilitator.

- B.6.3 The non-executive directors, led by the senior independent director, should be responsible for performance evaluation of the chairman, taking into account the views of the executive directors.*

The Non-Executive Directors, led by the senior independent director, Michael Averill, appraise the Chairman having taken into account the views of the Executive Directors. The Board has resolved to set out in the annual report the basis of the appraisal process.

B.7 **Re-election**

Main Principle

All directors should be submitted for re-election at regular intervals, subject to continued satisfactory performance.

- B.7.1. All directors of FTSE 350 companies should be subject to annual election by shareholders. All other directors should be subject to election by shareholders at the first annual general meeting after their appointment, and to re-election thereafter at intervals of no more than three years. Non-executive directors*

who have served longer than nine years should be subject to annual re-election. The names of directors submitted for election or re-election should be accompanied by sufficient biographical details and any other relevant information to enable shareholders to take an informed decision on their election.

Under the Company's Articles of Association, all Directors are subject to election by shareholders at the first Annual General Meeting following appointment and all Directors are subject to the retirement by rotation provisions of the Articles of Association which require re-election at intervals of no more than three years.

The Board has resolved that sufficient biographical details of all the Directors, including those subject to election or re-election, will be included in the annual report and on the Company's website. Shareholders will therefore be in a position to take an informed decision on any election or re-election.

B.7.2. The board should set out to shareholders in the papers accompanying a resolution to elect a non-executive director why they believe an individual should be elected. The chairman should confirm to shareholders when proposing re-election that, following formal performance evaluation, the individual's performance continues to be effective and to demonstrate commitment to the role.

The Board has resolved that, in relation to re-elections of Non-Executive Directors, an explanation as to why such persons should be elected shall be included in the relevant circular together with confirmation by the Chairman as to effective performance and demonstrable commitment to the role.

C ACCOUNTABILITY

C.1 Financial and Business Reporting

Main Principle

The board should present a fair, balanced and understandable assessment of the company's position and prospects.

Supporting Principles

The board's responsibility to present a fair, balanced and understandable assessment extends to interim and other price-sensitive public reports and reports to regulators as well as to information required to be presented by statutory requirements.

The board should establish arrangements that will enable it to ensure that the information presented is fair, balanced and understandable.

Code Provisions

- C.1.1. *The directors should explain in the annual report their responsibility for preparing the annual report and accounts, and state that they consider that the annual report and accounts, taken as a whole, is fair, balanced and understandable and provides the information necessary for shareholders to assess the company's performance, business model and strategy. There should be a statement by the auditor about their reporting responsibilities.*

The Board has resolved that the Directors will comply with this Code provision and a statement of responsibility from both the Directors and the external auditor will continue to be included in the Company's Annual Report and Accounts.

- C.1.2. *The directors should include in the annual report an explanation of the basis on which the company generates or preserves value over the longer term (the business model) and the strategy for delivering the objectives of the company.*

The Board resolved that it would comply with this Code provision with effect from its reporting year commencing on 1 April 2011 and will continue to do so.

- C.1.3. *The directors should report in annual and half-yearly financial statements that the business is a going concern, with supporting assumptions or qualifications as necessary.*

The Board resolved that it would comply with this Code provision with effect from its reporting year commencing on 1 April 2011 and will continue to do so.

C.2 Risk Management and Internal Control

Main Principle

The board is responsible for determining the nature and extent of the significant risks it is willing to take in achieving its strategic objectives. The board should maintain sound risk management and internal control systems.

Code Provisions

- C.2.1. *The board should, at least annually, conduct a review of the effectiveness of the group's system of internal controls and should report to shareholders that they have done so. The review should cover all material controls, including financial, operational and compliance controls and risk management systems.*

The Board, via the Audit Committee, conducts a review, at least annually, of the Group's system of internal controls. Such review, in relation to which the Audit Committee seeks the assistance of KPMG, examines all material controls, including financial, operational and compliance controls and risk management systems.

A formal report is prepared by KPMG and reviewed by the Audit Committee in the presence of KPMG, the Chief Executive, the Group Finance Director and the head of Group's Internal Audit function. The findings and recommendations of the Committee are then reported to the Board for detailed consideration.

The Board has resolved that, on the basis of such process, it will report to shareholders that such review has been carried out annually.

C.3 Audit Committee and Auditors

Main Principle

The board should establish formal and transparent arrangements for considering how they should apply the corporate reporting and risk management and internal control principles and for maintaining an appropriate relationship with the company's auditor.

Code Provisions

- C.3.1 *The board should establish an audit committee of at least three, or in the case of smaller companies two, independent non-executive directors. In smaller companies the company chairman may be a member of, but not chair, the committee in addition to the independent non-executive directors, provided he or she was considered independent on appointment as chairman. The board should satisfy itself that at least one member of the audit committee has recent and relevant financial experience.*

The Board has constituted an Audit Committee. Its terms of reference are set out on the Company' website and those terms of reference are compatible with this Code provision. The members of the Committee are James Morley, Chris Masters and Michael Averill and the Committee is chaired by James Morley. The Board is satisfied that James Morley has recent and relevant financial experience.

- C.3.2. *The main role and responsibilities of the audit committee should be set out in written terms of reference and should include:*

- *to monitor the integrity of the financial statements of the company, and any formal announcements relating to the company's financial performance, reviewing significant financial reporting judgements contained in them;*
- *to review the company's internal financial controls and, unless expressly addressed by a separate board risk committee composed of independent directors, or by the board itself, to review the company's internal control and risk management systems;*
- *to monitor and review the effectiveness of the company's internal audit function;*
- *to make recommendations to the board, for it to put to the shareholders for their approval in general meeting, in relation to the appointment, re-*

appointment and removal of the external auditor and to approve the remuneration and terms of engagement of the external auditor;

- *to review and monitor the external auditor's independence and objectivity and the effectiveness of the audit process, taking into consideration relevant UK professional and regulatory requirements;*
- *to develop and implement policy on the engagement of the external auditor to supply non-audit services, taking into account relevant ethical guidance regarding the provision of non-audit services by the external audit firm; and to report to the board, identifying any matters in respect of which it considers that action or improvement is needed and making recommendations as to the steps to be taken; and*
- *to report to the board on how it has discharged its responsibilities.*

The terms of reference of the Audit Committee include, but are not limited to, all of the above matters.

C.3.3 *The terms of reference of the audit committee, including its role and the authority delegated to it by the board, should be made available.*

The terms of reference of the Audit Committee, its role and delegated authority are set out in this document which is available for inspection at the Company's registered office during normal business hours. The terms of reference of the Audit Committee are also published on the Company's website.

The Company's annual report includes a separate section relating to such matters.

C.3.4 *Where requested by the board, the audit committee should provide advice on whether the annual report and accounts, taken as a whole, is fair, balanced and understandable and provides the information necessary for shareholders to assess the company's performance, business model and strategy.*

The terms of reference of the Audit Committee includes the above duty.

C.3.5 *The audit committee should review arrangements by which staff of the company may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters. The audit committee's objective should be to ensure that arrangements are in place for the proportionate and independent investigation of such matters and for appropriate follow-up action.*

A "whistle-blowing" procedure was adopted during the financial year ended 31 March 2008 following a review with an independent external body and these procedures will continue to be regularly reviewed and monitored. The Audit Committee regularly reviews these procedures as part of its review of the Company's business and ensures that these procedures are updated and amended in line with best practice and the needs of the Company from time to time.

C.3.6 *The audit committee should monitor and review the effectiveness of the internal audit activities. Where there is no internal audit function, the audit committee should consider annually whether there is a need for an internal audit function and make a recommendation to the board, and the reasons for the absence of such a function should be explained in the relevant section of the annual report.*

The effectiveness of the Group's internal audit function is one of the matters reviewed in conjunction with KPMG under C.2.1. above.

C.3.7. *The audit committee should have primary responsibility for making a recommendation on the appointment, reappointment and removal of the external auditors. If the board does not accept the audit committee's recommendation, it should include in the annual report, and in any papers recommending appointment or re-appointment, a statement from the audit committee explaining the recommendation and should set out reasons why the board has taken a different position.*

The Audit Committee has primary responsibility for making a recommendation on the appointment, reappointment and removal of the external auditors. The Board has resolved to include the statements specified in C.3.6 in the unlikely event that it takes a different position on any such issues from the Audit Committee.

C.3.8. *A separate section of the annual report should describe the work of the committee in discharging its responsibilities. The report should include:*

- *the significant issues that the committee considered in relation to the financial statements, and how these issues were addressed;*
- *an explanation of how it has assessed the effectiveness of the external audit process and the approach taken to the appointment or reappointment of the external auditor, and information on the length of tenure of the current audit firm and when a tender was last conducted; and*
- *if the external auditor provides non-audit services, an explanation of how auditor objectivity and independence is safeguarded.*

The annual report includes the above matters, including a statement as to the proportion of non-audit services provided by the external auditors. The policy of the Audit Committee is to ensure auditor objectivity and independence is safeguarded at all times. Specifically, non-audit services, including taxation advice and due diligence in connection with significant acquisitions, are regularly put out to tender to other external accounting firms.

D. REMUNERATION

D.1 The Level and Components of Remuneration

Main Principle

Levels of remuneration should be sufficient to attract, retain and motivate directors of the quality required to run the company successfully, but a company should avoid paying more than is necessary for this purpose. A significant proportion of executive directors' remuneration should be structured so as to link rewards to corporate and individual performance.

Supporting Principles

The performance-related elements of executive directors' remuneration should be stretching and designed to promote the long-term success of the company.

The remuneration committee should judge where to position their company relative to other companies. But they should use such comparisons with caution in view of the risk of an upward ratchet of remuneration levels with no corresponding improvement in performance.

They should also be sensitive to pay and employment conditions elsewhere in the group, especially when determining annual salary increases.

Code Provisions

- D.1.1. In designing schemes of performance-related remuneration, the remuneration committee should follow the provisions in Schedule A to this Code.*

The performance-related elements of the remuneration of the executive directors form a significant proportion of their total remuneration packages. The performance related elements are the bonus schemes in which the Executive Directors are entitled to participate and the participation by the Executive Directors in the Company's Performance Share Plan as approved by shareholders in July 2004. The Remuneration Committee, with the assistance of advice from New Bridge Street ("part of Aon plc"), reviews on a regular basis the Company's remuneration policy including the design of performance-related remuneration schemes.

Those performance-related elements have been designed with a view to aligning the interests of the Executive Directors with those of shareholders and to incentivise performance at the highest level.

- D.1.2. Where a company releases an executive director to serve as a non-executive director elsewhere, the remuneration report should include a statement as to whether or not the director will retain such earnings and, if so, what the remuneration is.*

The Board has resolved that an appropriate statement be included in the remuneration report should relevant circumstances arise. At the date of approval of this Statement, no Executive Director serves as a Non-Executive Director elsewhere.

- D.1.3. Levels of remuneration for non-executive directors should reflect the time commitment and responsibilities of the role. Remuneration for non-executive directors should not include share options or other performance-related elements. If, exceptionally, options are granted, shareholder approval should be sought in advance and any shares acquired by exercise of the options should be held until at least one year after the non-executive director leaves the*

board. Holding of share options could be relevant to the determination of a non-executive director's independence (as set out in provision B.1.1).

Levels of remuneration payable to Non-Executive Directors are regularly benchmarked, with the assistance of external advisors, against companies of a similar size. The levels of remuneration also reflect the time commitment and responsibilities of each role including, where relevant, chairmanship of Board committees.

The Board has resolved that remuneration for Non-Executive Directors should not include share options.

- D.1.4. The remuneration committee should carefully consider what compensation commitments (including pension contributions and all other elements) their directors' terms of appointment would entail in the event of early termination. The aim should be to avoid rewarding poor performance. They should take a robust line on reducing compensation to reflect departing directors' obligations to mitigate loss.*

On a regular basis, the Remuneration Committee, with the assistance of the Company Secretary, considers the compensation commitments the Executive Directors' service contracts would entail in the event of early termination. The Committee also from time to time considers the advantages of liquidated damage clauses in service contracts. In any event, the Committee's policy remains that compensation for termination of the service contract of an Executive Director would not be paid in the case of removal for misconduct and that a robust line should be taken as regards departing Directors' obligations to mitigate loss.

- D.1.5. Notice or contract periods should be set at one year or less. If it is necessary to offer longer notice or contract periods to new directors recruited from outside, such periods should reduce to one year or less after the initial period.*

The service contracts of all the Executive Directors provide for termination by the Company on one year's notice.

D.2 Procedure

Main Principle

There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his or her own remuneration.

Supporting Principles

The remuneration committee should consult the chairman and/or chief executive about their proposals relating to the remuneration of other executive directors. The remuneration committee should also be responsible for appointing any consultants in respect of executive director remuneration. Where executive directors or senior management are involved in advising or supporting the remuneration committee, care should be taken to recognise and avoid conflicts of interest.

The chairman of the board should ensure that the company maintains contact as required with its principal shareholders about remuneration.

Code Provisions

- D.2.1. The board should establish a remuneration committee of at least three, or in the case of smaller companies two, independent non-executive directors. In addition the company chairman may also be a member of, but not chair, the committee if he or she was considered independent on appointment as chairman. The remuneration committee should make available its terms of reference, explaining its role and the authority delegated to it by the board. Where remuneration consultants are appointed, they should be identified in the annual report and a statement made as to whether they have any other connection with the company.*

The Board has constituted a Remuneration Committee. Its terms of reference are set out in Appendix IV and those terms of reference are compatible with this Code provision. The Remuneration Committee consists exclusively of the three Non-Executive Directors who are independent of management and free from any business or other relationship which could materially interfere with the exercise of their independent judgement. The Chairman and the Chief Executive regularly attend by invitation but are not present for discussions relating to their own remuneration. No Director is allowed to be present for discussions on his own remuneration or to vote on his own remuneration.

The Remuneration Committee has appointed New Bridge Street to advise it in relation to the design of appropriate executive remuneration structures. New Bridge Street has no other connection with the Company, and will be identified in the annual report.

The terms of reference of the Remuneration Committee are published on the Company's website.

- D.2.2. The remuneration committee should have delegated responsibility for setting remuneration for all executive directors and the chairman, including pension rights and any compensation payments. The committee should also recommend and monitor the level and structure of remuneration for senior management. The definition of 'senior management' for this purpose should be determined by the board but should normally include the first layer of management below board level.*

The responsibilities of the Remuneration Committee include setting remuneration policy, ensuring that the remuneration (including pension rights and compensation payments) and terms of service of the Executive Directors, the Chairman, the Company Secretary and the tier of operating management immediately below the Board are appropriate and that they are fairly rewarded for the contribution which they make to the Group's overall performance. It is also responsible for the allocation of shares under the Performance Share Plan approved by shareholders and in accordance with agreed performance criteria. In addition, it monitors current best practice in remuneration and related issues.

- D.2.3. The board itself or, where required by the Articles of Association, the shareholders should determine the remuneration of the non-executive directors within the limits set in the Articles of Association. Where permitted by the Articles, the board may however delegate this responsibility to a committee, which might include the chief executive.*

The Board has resolved to delegate this responsibility to a committee established for this purpose. The remuneration of Non-executive Directors is reviewed and determined by a committee comprising the Chief Executive and Group Finance Director. See also the response to D.1.3 above.

- D.2.4. Shareholders should be invited specifically to approve all new long-term incentive schemes (as defined in the Listing Rules) and significant changes to existing schemes, save in the circumstances permitted by the Listing Rules.*

The Board has resolved that all new long-term incentive schemes (as so defined) and significant changes to existing schemes shall be specifically approved by shareholders. In addition, as part of the Company's commitment to transparency as regards its remuneration policy and continuous dialogue with shareholders, the Chairman of the Remuneration Committee, Michael Averill, holds regular discussions with shareholders to take soundings on the Company's remuneration policy generally and, in particular, the principal key aspects and features of any proposed new incentive schemes.

E RELATIONS WITH SHAREHOLDERS

E.1 Dialogue with Shareholders

Main Principle

There should be a dialogue with shareholders based on the mutual understanding of objectives. The board as a whole has responsibility for ensuring that a satisfactory dialogue with shareholders takes place.

Supporting Principles

Whilst recognising that most shareholder contact is with the chief executive and finance director, the chairman (and the senior independent director and other directors as appropriate) should maintain sufficient contact with major shareholders to understand their issues and concerns.

The board should keep in touch with shareholder opinion in whatever ways are most practical and efficient.

Code Provisions

- E.1.1. The chairman should ensure that the views of shareholders are communicated to the board as a whole. The chairman should discuss governance and strategy with major shareholders. Non-executive directors should be offered the opportunity to attend meetings with major shareholders and should expect to attend them if requested by major shareholders. The senior independent director should attend sufficient meetings with a range of major shareholders to listen to their views in order to help develop a balanced understanding of the issues and concerns of major shareholders.*

The Chairman routinely attends brokers' and analysts' presentations in relation to the Company's interim and full year results. The Chairman, with assistance from the Company's brokers, collates feedback from such presentations and reports the findings to the next meeting of the Board.

The Chairman maintains a dialogue with major shareholders in relation to, inter alia, strategy and corporate governance issues.

Michael Averill, the senior independent director, has committed to the Board that he will attend sufficient meetings with shareholders to enable him to develop appropriate understanding of their concerns.

- E.1.2. The board should state in the annual report the steps they have taken to ensure that the members of the board, and in particular the non-executive directors, develop an understanding of the views of major shareholders about their company, for example through direct face-to-face contact, analysts' or brokers' briefings and surveys of shareholder opinion.*

See response at E.1.1 above in relation to collation of feedback from analysts/brokers meetings and meetings with institutional shareholders. This information is reported in the Company's Annual Report.

E.2 Constructive use of the AGM

Main Principle

The board should use the AGM to communicate with investors and to encourage their participation.

E.2.1. *At any general meeting the company should propose a separate resolution on each substantially separate issue, and should in particular propose a resolution at the AGM relating to the report and accounts. For each resolution, proxy appointment forms should provide shareholders with the option to direct their proxy to vote either for or against the resolution or to withhold their vote. The proxy form should any announcement of the results of a vote should make it clear that a "vote withheld" is not a vote in law and will not be counted in the calculation of the proportion of votes for and against the resolution.*

The Company's AGM procedures comply with this Code provision.

E.2.2. *The company should ensure that all valid proxy appointments received for general meetings are properly recorded and counted. For each resolution, after a vote has been taken, except where taken on a poll, the company should ensure that the following information is given at the meeting and made available as soon as reasonably practicable on a website which is maintained by or on behalf of the company:*

- *the number of shares in respect of which proxy appointments have been validly made;*
- *the number of votes for the resolution;*
- *the number of votes against the resolution; and*
- *the number of shares in respect of which the vote was directed to be withheld.*

The Company's usual form of notice of AGM and the Company's AGM procedures comply with this Code provision.

E.2.3. *The chairman should arrange for the chairmen of the audit, remuneration and nomination committees to be available to answer questions at the AGM and for all directors to attend.*

All Committee Chairmen (or their deputies if any of them are unavoidably absent) are available to answer questions at each AGM and all Directors are expected to attend the AGM each year

E.2.4. *The company should arrange for the Notice of the AGM and related papers to be sent to shareholders at least 20 working days before the meeting.*

The Company's standard procedure is to arrange for the notice of the AGM and related papers to be sent to shareholders at least 20 working days before the meeting.

PROCEDURE FOR DIRECTORS TAKING INDEPENDENT
PROFESSIONAL ADVICE

(Adopted by the Board on 9 March 2004)¹²

If a Director considers it necessary to take independent professional advice concerning his or her duties or responsibilities as a Director he or she should be entitled to do so at the Company's expense subject to the limitations set out below and subject to complying with the following procedure:

1. In the first instance a Director who requires such professional advice shall be free to contact the Company's advisers and in some circumstances this would be preferable to seeking independent professional advice. However, it is recognised that in certain circumstances a Director may require independent professional advice. The provisions of paragraph 2 below shall apply to professional advice taken from the Company's advisers as it does to taking advice from independent professional advisers.
2. The procedure which a Director must follow (unless the Board otherwise resolves) is as follows:
 - (a) A Director shall give prior notice to the Chairman (with a copy to the Company Secretary) of his or her intention to seek independent professional advice and shall provide the name(s) of any professional advisers he or she proposes to instruct together with a brief summary of the subject matter. In the Chairman's case, he shall give prior notice to the Senior Independent Director (with a copy to the Company Secretary).
 - (b) The Company Secretary shall provide a written acknowledgement of receipt of the notification.
 - (c) The Director should obtain written authorisation to incur fees up to a maximum amount of £5,000 plus VAT. Such authorisation will not be unreasonably withheld. If further advice is required which would incur fees beyond the above amount of £5,000 plus VAT then the Director must seek further written authorisation; such authorisation will, again, not be unreasonably withheld.
 - (d) Where a Director is required to seek authorisation under sub-paragraph (c) above, that authorisation must be given either: by the Chairman (unless the Director seeking the authorisation is the Chairman) or,

at the option of the Director seeking authorisation or in the case of the Chairman, by two other Directors, one of whom shall be a Non-executive Director.
3. Independent professional advice for the purposes of this procedure shall include legal advice, the advice of accountants and advice on regulatory matters. It shall exclude advice concerning the personal interests of the Directors concerned, such as advice:
